

Draw Nugget

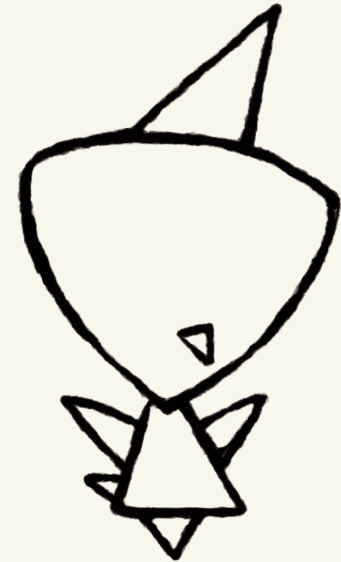

1. Nugget is made of triangles. Start with a triangle for his body.

2. Draw an upside-down triangle for Nugget's head and another one for his legs.

3. Draw a triangle on his head for his comb, one triangle for a beak, two triangles for wings, and one for a tail.

4. Draw two more triangles on his head to finish the comb. Use curved lines for eyebrows and two dots for eyes. Draw a straight line to make legs.

5. Draw two pointed ovals for his glasses. Draw a line for the bottom beak and lines for toes.

6. Color and add feather details.
